Clearwater Pool and Spa agrees to provide the customer with the following:

- Pool Opening that includes:
 - Removing the pool cover and winterizing plugs
 - Reconnecting the pool filter and pump, including existing heaters and water fixtures
 - Reinstalling railings, ladders, etc. that was stored for the winter
 - Blow the deck off to remove leaves and debris
 - An initial shock & algaecide treatment of the pool water
 - **Customer is required to have all heavy debris and water off the cover at the time of the scheduled opening appointment with the water level up to the top of the skimmers*
 - ***Service Agreement must be completed and received with a submission of payment prior to the first cleaning*
 - ****Additional cleanings can be added at \$130.00 per visit if the pool is in poor condition when opened. This would be in addition to the 26 visits already included in the contract*

- Pool Closing that includes:
 - Winterizing all the lines
 - Railings, ladders, etc. removed
 - Final shock & algaecide application
 - Filter disassembled, cleaned, and drained. The cost of the contract includes a one pump system. *Floor cleaning systems and each additional pump are billed at an additional \$50 per unit*
 - Pump and motor disassembled and drained
 - Cover installed
 - Antifreeze (and any expansion preventatives provided by the customer) added to skimmers
 - **Cover and winterizing items must be in an accessible location & the pool's water level must be drained (if applicable) 6-8" below the skimmer. There is a \$75.00 charge if Clearwater has to drain the water*
 - ***Clearwater is not responsible for providing any winterizing products (cover, plugs, etc.) other than chemicals. Clearwater will charge for any winterizing items that are needed if the customer does not provide them*
 - ****Clearwater is not responsible for removing leaves or debris at time of closing. Additional cleanings can be added at \$130.00 per visit.*
